MEMORANDUM FOR: Director of Central Intelligence

THROUGH: Deputy Director for National Foreign
Assessment

STAT FROM:

Chairman, Scientific and Technical
Intelligence Committee

SUBJECT: Request to Engage Dr. Carl Kaysen as
Member of STAP

REFERENCE: My memo of 20 April 1979 requesting
approval to approach Dr. Kaysen

1. Action Requested: Your approval to engage Dr. Kaysen as a member of your Science and Technology Advisory Panel (STAP) at a daily rate equivalent to that of the top step of a GS-15, plus current per diem expenses.

2. Background: Dr. Kaysen, graduate of the University of Pennsylvania with advanced degrees from Harvard, is an internationally known economist. He is currently Professor of Political Economy at MIT. He is a former director of the Institute of Advanced Study at Princeton and special assistant to President Kennedy for National Security Affairs. We feel he will bring to STAP fresh insights in substantive areas of priority interest over the next few years. He will serve approximately 10-15 days per year as a STAP member.

3. Staff Position: The need for Dr. Kaysen's services cannot be met by using on-board personnel. Dr. Kaysen's engagement is contingent upon his approval by the Office of Security for the necessary security clearances. A formal letter of invitation for your signature will be prepared when Office of Security approval is received.

SUBJECT: Request to Engage Carl Kaysen as Member of

4. Recommendation: That you approve the engagement of
